

February is Heart Month

J Ross Tanner, DO
Diabetes & Lipid Clinic of Alaska

"What you Need to Know About the NEW Cholesterol Guidelines"

Wednesday, February 19

6:30 p.m.

Ivy Room 1, First Floor, Alaska Regional Hospital

Reserve your space: 264-1113 or

audry.patrick@hcahealthcare.com

The American Heart Association and the American College of Cardiology published new cholesterol treatment guidelines in November 2013. Dr. J. Ross Tanner will explain the guidelines to you as well as the controversy surrounding them.

Let Dr. Tanner arm you with information so that you can work with your physician to determine which treatment (lifestyle change, statin medication, or therapy) is best for you.

NOT BIGGER JUST BETTER
