## JOIN THE FUN

The 2017 Wheel-O-Rama is a FREE safety fair for the community. This interactive and educational event will cover trauma, safety and injury prevention around wheeled vehicles - bicycles, cars, trucks and more! Sit in the driver's seat of a commercial 18-wheeler; learn about motorcycle safety; see what it's like to be "drunk & dangerous" with drunk glasses and a remote control car; interact with firefighters and police officers; have your little one's booster seat checked; and much more!

## BIKE RODEO FOR KIDS!

Help children to become better bicyclists by attending our BIKE RODEO, ranging from beginners (training wheels) to intermediate (approximately 11 years old). This skills course provides an opportunity for kids to learn about road safety and bike handling through six different stations, from bike and helmet fit to dodging "rocks" and doing figure 8's!

Trained mechanics from REI, Speedway Cycles, The Bicycle Shop, and Trek Bicycle Store will perform a safety inspection on all bikes prior to the rodeo.

To participate, please bring your child, their bicycle and a helmet.
